# Daman & Diu-OCMMS

Online Consent Management & Monitoring System is a web based application for Consent Management developed for the PCC (Daman & Diu and Dadra Nagar Haveli Pollution Control Committee) by NIC, Cell, Ministry of Environment & Forest. The process for of **Industry User** is mentioned in this manual.

## Features of OCMMS

- Unified Global online application/ portal
- Role based application access
- Multi-level Security Enabled System
- Online Industry Registration
- Online Submission of Application, Approval, Clarification and other activities for CTE, CTO for all category of Industries / Institutions

## ONLINE INDUSTRY REGISTRATION

Industry registration is an online feature; which will enable Industry applicant to register himself online to use the application for applying for Consents (CTE/CTO), Authorization and other features. Using this Industry will be able to generate the user temporary name and password, which he needs to use within the stipulated time. Once Industry uses the temporary user name and password for Consent Application; documents/details provided with this will be validated and user name will be confirmed and made available to him for future use. If Industry fails to use the temporary user name within the given time frame, then this user name will be deleted from the database and applicant will have to re-register himself to use the online application.
